R RAMANA

ABOUT ME

I am passionate and take a strong interest in solving complex problems. I enjoy interacting and learning about people, and hence I am comfortable and can work well in teams. I have a zeal for green technology, medical technology, as well as Artificial Intelligence. I currently possess knowledge in multiple programming languages namely C, C++ and Verilog. I have a thirst for knowledge and being an autodidact, I am self-taught in HTML, CSS and am currently learning JavaScript. I have also had some experiences programming with Python and Java.
